

FYHS Weekly Update-Parshas BaMidbar

Pirkei Avos Shiur

Our Rosh HaYeshiva, Rabbi Friedman, invites Chicago area FYHS students to his house 6735 N. Francisco for a new shiur starting this Shabbos. From 5:00 to 5:45 pm the Rosh HaYeshiva will teach Pirkei Avos and there will be refreshments. Of course, Rabbi Rand's very popular shiur continues this Shabbos at 6:00pm.

Yom Yerushalayim

This past Wednesday, we celebrated Yom Yerushalayim with Hallel, dancing, a special seuda and guest speaker and an informative video. During shacharis, Hallel was recited and then at breakfast we danced and sang songs about Yerushalayim. During the special seuda at lunch, we heard a wonderful speech and dvar Torah from Mr. Shael Bellows, who talked about his own experiences at the time of 1967 as well as our obligation to thank

and praise Hashem for all the miracles that we have seen to this very day in Eretz Yisrael. That was followed by the watching of a video by Rabbi Berel Wein based on his book Faith and Fate.

Shavuos

All students are expected to be at the Yeshiva for the 1st night of Shavuos. Following davening on the 1st day, all students may

walk out. However, everyone is invited to stay for the entire Yom Tov.

Student Awards

We are very proud of Yeshaya Clair and Reuven Isaacs (seniors, Chicago) for winning scholarships from the Associated Talmud Torahs of Chicago in recognition of their academic achievements.

All of our classes are going IY”H on end of the year trips. The seniors are going to Denver for a week. The juniors are going to Lake Geneva for two days and one night. The sophomores and freshmen are going on day trips in the Chicagoland area. Please send back all forms to the Yeshiva as soon as they arrive at your homes and please include with the forms whatever payment is required.

Coming Up

May 22nd will be an optional in shabbos.

Memorial Day- Regular Shiurim (12:30 Dismissal)

Erev Shavuos- Regular Shiurim (12:30 Dismissal)

Have a Good Shabbos

Mordechai Ginsparg

Assistant Principal
