The Hebrew Theological College (HTC) offers an intensive Beis Midrash and college program focused on developing a love of Torah learning and advancing professional goals in a yeshiva setting. Students form lifelong relationships with rabbeim and faculty, creating a warm and comfortable environment in which to grow.

For decades, Hebrew Theological College has challenged its faculty and students to foster a welcoming environment rooted in serious Torah study in conjunction with a sophisticated and rich secular curriculum. From the moment they arrive at HTC, students are cognizant of the school’s nurturing Torah atmosphere within the complete college experience. It is therefore extremely fitting that HTC has affiliated with the Touro College and University System to further define and refine this historic educational goal. This is an exciting period for HTC, one that promises to further our mission for many years to come.
TORAH LEARNING

After high school or a year or two of study in a post-high school yeshiva in Israel, HTC offers students the opportunity to continue their learning in an intensive, yet wholesome Torah environment with customized programs, allowing everyone to learn at a pace best suited for their needs. After college, students can apply to continue their studies in HTC’s advanced Semicha or Kollel track.

T3 TRACK

The T3 Track—Talmud, Texts and Tools—provides a spiritually nurturing and enriching environment for students with a beginner-level Torah education, offering specialized courses and mentorship to young men eager to take advantage of HTC’s academic programs. The goal of the T3 Track is to support students’ learning so that they will be able to progress into advanced yeshiva learning in HTC’s programs.

ISRAEL EXPERIENCE PROGRAM (POST-HIGH SCHOOL)
Through agreements with a wide range of Israeli yeshivas, HTC enables post-high school students to earn college credit during their “gap year” of intensive study in Israel. By providing academic advising and counseling before, during and after the year, HTC ensures that students maximize their Torah study and reach additional educational goals, both during their time in Israel and upon their return.

SEMICHA PROGRAM
Led by Rabbi Chaim Twerski, the Yoreh Yoreh Semicha Program covers Jewish laws dealing with the following subjects: Kashrus; Aveilus, Burial and Bereavement; Taharas Mishpacha; and Shabbos. Students focus on academic areas that address the particular needs of their chosen specialized field of rabbinic activity, such as education, public speaking, homiletics and psychology. Students pursuing pulpit positions are assigned to internships with a practicing rabbi.

HTC SAMUEL & NINA BELLOWS KOLLEL
The members of HTC’s Samuel and Nina Bellows Kollel learn the Yeshiva’s masechta in depth and contribute to the Kol Torah which can be heard in the Yeshiva’s Beis Midrash. During the week the members act as “older brothers,” helping younger students with their learning, and on Shabbos the Kollel families regularly host students for meals, providing a family-style, home-away-from-home environment.
HTC offers an accredited Bachelor of Arts degree including a required general education component that consists of comprehensive core curricula in both Advanced Hebrew studies (Bible, Hebrew, Jewish history, Jewish law and Jewish philosophy) and Liberal Arts and Sciences (natural sciences, math, English, social sciences). Students major in Talmud, and are encouraged to add a second major in Accounting (with CPA track optional), business, health sciences or psychology.

HTC students are provided the expertise, knowledge and skills needed to excel in their chosen field upon graduation. In particular, graduates of HTC’s Accounting Department are expertly prepared for the CPA examination. Likewise, the Psychology Department is staffed by clinicians who prepare students to matriculate into top-tier PsyD programs, as well as programs in social work and education. Touro offers preferential acceptance to its graduate and professional schools.

Recent HTC alumni also have gained admission to prestigious graduate programs at schools such as Columbia University, Hebrew University, Illinois Institute of Technology, Johns Hopkins, New York University, Northwestern University, Tel Aviv University—Sackler School of Medicine and the University of Illinois.

HTC offers pre-professional coursework for careers in these exciting fields:

- Dentistry
- Education
- Law
- Medicine
- Occupational Therapy
- Pharmacy
- Physical Therapy
- Social Work
EXTRA-CURRICULAR ACTIVITIES

Students are involved in a myriad of chesed opportunities in the Chicago community, including volunteering for organizations such as Chai Lifeline and Yachad. Additionally, students take advantage of the variety of on-campus leisure facilities, including a full-size gymnasium, outdoor basketball court, football and softball fields and fitness center.
ACCOMMODATIONS
Students who choose to live on campus reside in a beautifully renovated dormitory, which features spacious rooms with built-in closets, desks, private bathrooms and a laundry room.

MEALS
Students enjoy a full-service dining hall, which provides three catered meals a day. Meal plans are available for students who do not reside in the dormitory.

CHICAGO JEWISH COMMUNITY
HTC is fortunate to be located in a warm and vibrant Jewish community with numerous shuls, schools, organizations and kosher establishments. Over the course of their time at HTC, students become enmeshed in the community, staying with local families for Shabbos and spending time in the Jewish area. It is not uncommon for students to remain in the Chicago area after completing their studies at HTC to attend graduate school or to pursue a career, all while building families in the community they have grown to love.
The financial aid programs at Hebrew Theological College are designed to assist students who may be unable to meet the full expenses of attending college. Financial aid is available to those who qualify in the forms of grants, scholarships, student loans and college work-study.

THE TOURO COLLEGE & UNIVERSITY SYSTEM
Touro is a system of non-profit institutions of higher and professional education. Touro College was chartered in 1970 primarily to enrich the Jewish heritage, and to serve the larger American and global community. Approximately 18,000 students are currently enrolled in its various schools and divisions. Touro College has branch campuses, locations and instructional sites in the New York area, as well as branch campuses and programs in Berlin, Jerusalem and Moscow. New York Medical College, Hebrew Theological College, Touro University California and its Nevada branch campus, as well as Touro University Worldwide and its Touro College Los Angeles division are separately accredited institutions within the Touro College and University System. For further information on Touro College, please go to: www.touro.edu/news.
